Agile Fu: Understanding

Modern Innovative

Development in ...

The ideas of agile are

great. It's the way it has

been codified into rituals

and certifications and

rolled out mindlessly that

misses the point. When

people talk about Lean, the conversation often ends at process optimization, waste, and quality, and misses so much of what the Lean mindset offers. Design Thinking is held high as the new magic trick of design facilitators.

Agile | smashtinking

The authors conduct a review of SCM literature, including supply chain strategy, supply chain integration (SCI), agile and responsive supply chain and SCM for innovative and fast-changing industries. The authors develop a conceptual model and a decision-making framework and use four mini
