U of I Math Placement through ALEKS

The University of Illinois at Chicago requires the UIC Math Placement Exam through ALEKS to assess a student's prerequisite knowledge for course placement. ALEKS is a powerful artificial-intelligence based assessment tool that zeros in on the strengths and weaknesses of a student's mathematical knowledge, reports its findings to the student, and then if necessary provides the student with a learning environment for bringing this knowledge up to an appropriate level for course placement.

ALEKS PPL Cost | Mathematics at Illinois

The test covers stats, algebra, trig, pre-calc and calc. The highest placement you can get into is Calculus I. This is not a AP test - you will not earn proficiency credit. This test is a predictor as to what is the most appropriate math class to start with based on your skills. The courses will all be demanding.
