Alexander is a 2004 epic historical drama film based on the life of the ancient Macedonian general and king Alexander the Great. It was directed by Oliver Stone and starred Colin Farrell. The film's original screenplay derived in part from the book Alexander the Great, published in 1973 by the University of Oxford historian Robin Lane Fox. After release, while it performed well in Europe, the American critical reaction was negative.

The Wars of Alexander the Great were a series of conquests that were carried out by Alexander III of Macedon from 336 BC to 323 BC. They began with battles against the Achaemenid Persian Empire, then under the rule of Darius III of Persia. After Alexander's chain of victories against Achaemenid Persia, he began a campaign against local chieftains and warlords that were stretched as far from Greece as the region of Punjab in South Asia. By the time of his death, he was serving as emperor over ...
