### History of economic thought - Wikipedia

The Arab League boycott of Israel is a strategy adopted by the Arab League and its member states to boycott economic and other relations between Arabs and the Arab states and Israel and specifically stopping all trade with Israel which adds to that country's economic and military strength. A secondary boycott was later imposed, to boycott non-Israeli companies that do business with Israel, and ...

*Arab League boycott of Israel - Wikipedia*

*Rules of origin are the rules to attribute a country of origin to a product in order to determine its "economic nationality". The need to establish rules of origin stems from the fact that the implementation of trade policy measures, such as tariffs, quotas, trade remedies, in various cases, depends on the country of origin of the product at hand.*
