Some of the worksheets displayed are Chemical formula writing work, Chemical formula writing work two, Balancing chemical equations work 1, Balancing chemical equations Work writing and balancing chemical reactions, Writing chemical equations, Chapter 7 work 1 balancing chemical equations ...

Worksheet #1: Writing and Balancing Formula Equations

2 It is important to note that the balancing of an equation is accomplished by placing numbers in front of the proper atoms or molecules and not as subscripts. In an equation, all chemical species appear as correct formula units. The addition (or change) of a subscript changes the meaning of the formula unit and of the equation.
