CONTEXTUAL TEACHING AND LEARNING | mydreamarea
Contextual learning is based on a constructivist theory of teaching and learning. [page needed] Learning takes place when teachers are able to present information in such a way that students are able to construct meaning based on their own experiences. Contextual learning experiences include internships, service learning and study abroad programs.

Teaching and Learning Process - SlideShare
understanding of the very complex interrelationships involved in teaching and learning. Simplistic, context-free evaluation systems based only on teacher behaviors have not and, most agree now, cannot lead to the kinds of improvements in our educational systems that are called for in A Nation At Risk,

However, applying new understandings to a new, uncharted context is also exactly what students need to do to successfully negotiate the demands of the 21st century. Higher-level thinking skills take time to develop, and teaching them generally requires a tradeoff of breadth for depth. 4. Encourage transfer of learning . Students must apply the skills and knowledge they gain in one discipline to another.

Ctl (contextual teaching and learning) - SlideShare
Learning context is defined as the situation in which something is learned or understood, a situation that can impact how something is learned or what is taught. When you take advice from a friend but would not take the exact same advice if given by your mother, this is an example of a situation in which the learning context matters greatly.
