Dark Needs at Night's Edge Present day Stay sane, act normal, he chants to himself as he strides down the rickety pier. On either side of him, water black like tar. Ahead of him, muted light from the bayou tavern. A Lore bar. A lone neon sign flickers over flat skiffs below. Music and laughter carry. Stay sane . . . need to dull the rage.

Do Plants Need Darkness to Grow and Thrive? Plants respire and grow during the night, but do they necessarily need to be in the dark? They respire whether there is light or not, after all. Leaving them in permanent light would just give them more energy and food for growing. While that seems to make sense at first, it's not true.
