ManyBooks is one of the best resources on the web for free books in a variety of download formats. There are hundreds of books available here, in all sorts of interesting genres, and all of them are completely free. One of the best features of this site is that not all of the books listed here are classic or creative commons books. ManyBooks is in transition at the time of this writing. A beta test version of the site is available that features a serviceable search capability. Readers can also find books by browsing genres, popular selections, author, and editor's choice. Plus, ManyBooks has put together collections of books that are an interesting way to explore topics in a more organized way.

12:00 PM EST: The new DiMAGE Z1 is a rather odd looking ten times optical zoom, three megapixel digital camera. The Z1 looks as though it has dropped out of a science fiction movie with its rounded body and separate hand grip. The camera is powered by four AA batteries and stores images on SD/MMC cards. It has a unique LCD monitor with a very impressive 60 frames per second refresh rate.
