An Anthropologist On Mars: Seven Paradoxical Tales: Oliver ...

An Anthropologist on Mars is an engaging collection of seven neurological case studies that illustrate a supposed paradox - that what is perceived as disability or neurological deficit can result in amazing adaptations that make it a kind of gift. For example, a painter sustains a brain injury that makes him unable to see colour, and after a period of initial depression and disorientation, begins to appreciate his new way of seeing, and to reproduce it in black and white art.
