Advisory Committee on Nutrition (SACN). This report was initiated seven years ago: In 2008, the Food Standards Agency and the Department of Health asked SACN to provide clarification of the relationship between dietary carbohydrates and health and to make public health recommendations.

Draft report from the Scientific Advisory Committee on ...

The SACN report on Carbohydrates and Health is based on a rigorous and robust evaluation of the evidence and represents the most authoritative piece until now on the relationship between carbohydrates and health. All UK health departments have adopted SACN's recommendations on total carbohydrate, free sugars and dietary fibre into official advice.
