Grade 11 Mathematics MCA Item Sampler Teacher Guide Overview of Item Samplers Item samplers are one type of student resource provided to help students and educators prepare for test administration. While standardized tests are familiar to almost all students, each assesses students differently. Item samplers are designed to provide a representative sample of the content and skills that will be assessed on the test. They are used to help students and educators understand the test format and content, and to provide a preview of the test experience. Item samplers are also used to help students and educators identify areas of strength and weakness, and to provide a preview of the test experience. Item samplers are also used to help students and educators identify areas of strength and weakness, and to provide a preview of the test experience.
