Sepura's bespoke critical communications solution. This covers CERN's entire site, both above and below ground, including the LHC tunnel. Three radio antennas support over 300 TETRA terminals, and the network is fully redundant

CERN uses ITIL to rethink facilities management

CERN Library CERN Library has also committed to openness by publishing its book catalog online as open data using the CC0 public domain dedication. Jens Vigen, the head of CERN Library, says, "Books should only be catalogued once. Currently the public purse pays for having the same book catalogued over and over again.
