Fun with Modeling Clay by Kids Can Press, Inc., Barbara ...

Unlike conventional modelling clay, FIMO kids can be used to shape figures and objects for lasting playtime fun due to the fact that, once modelled, items can be oven-baked to harden. All that needs to be done is place the FIMO kids clay in an ordinary household oven for 30 minutes at 110 ° C. Once cool,

the material is hard and solid.

Modelling Clay Happy Meal Creative Fun for Kids with Play Dough DIY Rainbow Learning Embossed Rolling Pins – Rolling pins with raised patterns can be really fun for kids working with clay. Kids can roll the pins over their clay to create fun designs and then use that clay to make a bowl or cup or other fun object. A great alternative for smaller hands are these unfinished textured rolling pins. They are smaller in size, therefore easier for kids to hold.

Buy the FIMO Kids® Modelling Clay at Michaels

Baking soda and cornstarch make a smooth, pliable play clay that can be colored with everyday food coloring - or left white and painted once it hardens. When you have made your model, leave it to air dry - turning every 12 hours or so. Place ingredients in a pan and stir until smooth. Set the pan over a medium heat and stir until boiling.
