Faust programs may be targeted for many different platforms via what is known as "an architecture". Internally the script `faust2sam` calls the Faust compiler using an architecture that is specific to the SHARC Audio Module platform. When an algorithm is compiled using `faust2sam`, three C++ source code files are generated for the SHARC Audio Module platform.

Faust (1980) - IMDb

Besides the exceptional acting of Steven Berkoff and Glyn Dille, the coherence to Goethe's Faust, the quality of the image and sound, the merge of postmodern and classical were pretty impressive. Equally intriguing was the political cue, especially in the scene with the video walls showing news of all around the world.
