Honda Small Engine | GX140 | eReplacementParts.com

Because your valve stems are not worn, and you only have noticeable slop in the exhaust valve, not the inlet, it does sound as if the exhaust valve guide is worn. Honda only allows 0.005" of wear in the guides. The guides are replaceable on the GXV120, which I think has the same cylinder head design as the GX160, though I am not certain about this.
