The largest apple ever grown had a mass of about 1.47 kg. Suppose you hold such an apple in your hand. You accidentally drop the apple, then

### PROBLEM WORKBOOK

Hundreds of problems but not one (other than the sample problem) which has an answer/answer key anywhere. How to know that the problem was done correctly? What's the point of doing the problems if you're doing them all wrong and can never be sure that you did it correctly. Even a teacher needs an answer key, for reassurance sometimes.
