How Tomcat Works (??)

(1 reply) Dear Tomcat Developers, I've been using Tomcat for years. It interested me so much that last year I spent three months reading the source code. I learned a lot, not only about how the servlet container works but also how to design Java applications in general. I particularly liked the idea of valves and pipelines, as well as the hierarchical containers.

How Tomcat Works: A Guide to Developing Your Own Java ...

"How Tomcat Works" is a potentially good idea, done badly. The writing is awful. Not just inelegant, but frequently so bad that it gets in the way of the ideas being presented. Spelling, typos, grammar problems, convoluted sentences, miswordings that invert the meaning of a sentence entirely: this book has all that, and more.
