VITA Robert W. Erickson

Since then, the demand for trained manufacturing workers continues to grow, and additional programs are needed. In 2016 and 2017, FRCC staff heard repeatedly from manufacturing representatives about serious shortages of skilled workers in industrial maintenance, automation technology, electronics, optics, and machining.

Industrial Electronics N2 syllabus. After leaving the department

of Education in 1989, I spent more than three years in the private sector, involved with computer-based training, and later taught at a high school. It was worrying to see in the private sector how little students, who had passed the grade, really knew about
