The Voice - NBC.com

By Grace Rubenstein Eleanor Longden's new TED Book, Learning from the Voices in My Head, charts her harrowing journey from terrified young woman trembling in a psychiatric ward to a stable, successful doctoral candidate who has learned to live peacefully with her inner voices, medication-free.

E-Learning Voices – It's who we are. It's what we do.

The voices in my head. That was until the voices in her head started talking. Initially innocuous, these internal narrators became increasingly antagonistic and dictatorial, turning her life into a living

nightmare. Diagnosed with schizophrenia, hospitalized, drugged, Longden was discarded by a system that didn't know how to help her.

Learning from the Voices in My Head by Eleanor Longden ...

Part personal memoir and part medical argument, Learning from the Voices in My Head challenges society's definition of crazy. Longden calls for new, nuanced understanding of voice hearing and urges us to see madness not as a condition, but as a process — one through which those who struggle with mental health issues have the chance to emerge with their sanity intact."

Superstar singer-songwriter Kelly Clarkson makes her debut as a coach this season, with Season 12-winning coach and musical icon Alicia Keys taking...

Learning From The Voices In My Head: TED Book by Eleanor ...

I was labelled with schizophrenia. I blamed the voices for my plight, voices discussing me and, worse, voices commanding me to do idiot things. To secure my release from the terrible locked hospital ward that held me for so many months, I had to move from blaming voices to accepting them, and then from acceptance to concealment.
