While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

Linguistically Appropriate Practice A Guide for Working ... hood practitioners, Linguistically Appropriate Practice is an effective guide, but by no means is it a program that can be adopted into any curriculum in its entirety. In the fore-word of this book, Jim Cummins argues that policy makers should review these practic-es to change their perspective on bilingual education and implement systemic changes
