Programming: Conversations ...

Although a bit ancient (2009), I had the opportunity to get an used copy of "Masterminds of Programming: Conversations with the Creators of Major Programming Languages" (ISBN 978-0596515171). This is a set of interviews with people who designed and/or implemented languages in a broad sense: programming language but also UML, etc. Depending on the interviewee, [...]

ABC (programming language) - Wikipedia

If the definition of a low level language is one that bedevils the programmer with minutiae, the Forth is the lowest of the low. I don't understand the fascination others have for it, and don't understand how anyone can like it after actually programming with it. It's horrible.

Masterminds of Programming: Conversations with the ...

ABC is an imperative general-purpose programming language and programming environment developed at CWI, Netherlands by Leo Geurts,
