The practice of nursing is a right that is granted by the state to protect those in need of nursing care, and the NPA guidelines provide safe parameters within workplaces and to protect patients from unsafe and unprofessional nursing practice. Laws in the nursing profession can only function if all nurses are aware of the laws governing this practice.

Nursing students should know their constitutional rights. As a student in a public nursing education program, whether a baccalaureate, master's or doctoral course of study, you possess certain rights that are guaranteed by the U.S. Constitution. You may not have thought about these protections, but they are essential entitlements you may need to utilize at some point during your educational journey.

When school nursing and student privacy laws clash

APRN practice is typically defined by the Nurse Practice Act and governed by the Board of Nursing, but other laws and regulations may impact practice, and other boards may play a role. For instance, in some states nurse-midwives are regulated by a Board of Midwifery or public health.

Nursing students should know their rights

Under the National Law, all nursing and midwifery students enrolled in an approved program of study, or who are undertaking clinical training in nursing or midwifery, must be registered as a student with the NMBA. Individual students do not need to do anything to register with the NMBA.
