OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

PHILIPS 50PF9731D - 50" PLASMA TV MANUAL Pdf Download.  
This manual is absolutely useless as a service manual. The most common problem with plasma TV's is the main power supply board, yet this 'service manual' has zero information about the power supply board - no schematic, no parts list, nothing but a square box in a random block diagram that does not show any real detail.
