Perhaps the most famous example of poetic meter is iambic pentameter.An iamb is a metrical foot that consists of one short or unstressed syllable followed by a long or stressed syllable. The structure of iambic pentameter features five iambs per line, or ten total syllables per line. All the even-numbered syllables in this metric form are stressed. Shakespeare is well-known for his use of this ...

After all, the poem begins with the words "I know what the caged bird feels." So the speaker gives us an insight into the bird's feelings and pain in order to give us insight into his own feelings and pain. Form-wise, the meter of this poem is generally written in tetrameter, with varying iambic and anapest stresses

Poetic Meter And Form Paul

Never expected a 1965 academic, textbook assessment of poetic meter to have such excellent writing, and an incisive sense of humor. I picked up Paul Fussell's Poetic Meter and Metric Form off the free table at, of all places, the technical college where I've been an English Comp adjunct for 15 years.

Most of the chapters are well structured and interesting, but tend to focus on non-contemporary poetry, or even recent poetry, or poetry after 1900. That being said, Paul Fussel is somewhat of a poetic prude, as exemplified in his exclusion of a discussion on free verse (a huge literary movement that erupted in the 20th century, as I'm sure you ...

Regular Rhyme, Varied Meter. Longfellow is known for using regular rhyme and meter. For the most part, that's the case in this poem, but things do get a little complicated in a few places. Let's start with the easy part: the rhyme. Part of what makes the poem fun and easy to understand is its noticeable rhymes.
