Mancur Olson, Power and prosperity: Outgrowing communist ...
In his final book, Power and Prosperity (2000), Olson distinguished between the economic effects of different types of government, in particular, tyranny, anarchy, and democracy. Olson argued that under anarchy, a "roving bandit" only has the incentive to steal and destroy, whilst a "stationary bandit"—a tyrant—has an incentive to encourage ...

Power and Prosperity: Outgrowing Communist and Capitalist ... A deep and fascinating study of the development of power and of the reasons why post-Communist economies failed to live up to their promise. The internal logic of Olson's theory is deeply compelling, but I am afraid that his view, despite its strong claims to realism is still somewhat Pollyannaish: he assumes self-interest and perfect rationality on the part of all actors, and while the former ...
