SOLVED: Why won't my python remote start ce0890 work when ...
Why won't my python remote start ce0890 work when it's very cold out? You are not the only one with this issue. If the remote starter has sensors on the hood to tell it when the hood is up, I would check to see if there is an adjustment on this sensor. When it gets cold the specs on the sensor are changing and it opens the sensor.

How do I reset the remote on a python ce0890 remote car ...
I have a Python CE0890 remote starter that was working fine until a few days ago. It won't start my car and just makes a constant clicking noise which only stops when I touch the brake. The light is flashing on the remote so I know the battery is not dead.
