## **ReefNet Inc. | Reef Fish Identification - Interactive Edition**

"Reef Fish" is the best book I have found for identifying fish in the Caribbean, Bahamas and Florida. It relies on color photographs of each species, with descriptions and information on where they can be found and how they react to divers. This book is one of a three part series. The other two are "Reef Creatures" and "Reef Coral".

product reviews from our users.

## **Reef Fish Identification - Florida Caribbean Bahamas on ...**

Reef Fish Identification Florida Caribbean Bahamas first appeared in 1989 and has since revolutionized fishwatching. The first edition had 288 pages and 345 color photographs. The success of our first publication launched a series of marine life identification books for the Galapagos Islands, the West Coast of the United States, the Gulf of California to Panama and the Tropical Pacific.

## **The REEF SET - Reef Fish Identification Books by New World ...**

The Paul Humman's Reef ID series grew to become a standard in the genre and deserves praise. If you are a diver and have Florida/Caribbean/Bahamas (and even Brazil!) in your plans and if your goal is to know pretty much every fish you can encounter on a reef, buy this book.
