Grade 10 Geography Paper 1 (Exemplar) | Mindset Learn

This area of geography has seen very keen interest and growth in the last few decades because of the acceleration of human induced environmental degradation. Thus, physical geography's scope is much broader than the simple spatial study of nature. It also involves the investigation of how humans are influencing nature.

1(c). Scope of Physical Geography

The Geography Research Paper – Methods of Investigation. It will be apparent to you that a geography research paper may not necessarily be confined within the scope of Geography itself. It may involve other disciplines, such as Economics or Physics in so far as these disciplines are related to the geographical location being investigated.

BANARAS HINDU UNIVERSITY Department of Geography, 2013-2014

Nature & Scope. Geography looks at the earth's surface from two different but interrelated perspectives, known as systematic and regional. Accordingly, it has two broad branches: systematic geography and regional geography. Human geography is a branch of systematic geography. It studies the locational and distributional aspects of cultural phenomena,...
