Scottish Inventors

Scottish Scientist, Educator, Inventor and Linguist, Alexander Graham Bell was one of the first inventors to be accredited for the telephone. Having a father and brother in the elocution and speech fields and a mother and wife who were deaf, Bell's fascination with developing hearing and speech experiments started at an early age.

Famous Scottish Inventors | List of Great Inventors from ...

So the Scottish inventor who invented the Kaleidoscope went to Edinburgh University at the age of 12... Pretty sure I was still learning how to say my first words then. Sir David Brewster was a child genius and completed a Theology course at Uni whilst also teaching himself how to be a philosopher, mathematician and astronomer (and I took 3 days to write this blog post).
