The site they say will be closed by the end of June 2016, so grab your favorite books as soon as possible.

Spurring Technological Innovation in Legacy Sectors ...

In *Technological Innovation in Legacy Sectors*, authors William B. Bonvillian and Charles Weiss identify several qualities of legacy sectors that inhibit change, and this constraint on innovation in turn makes it harder to address some of our most pressing challenges like climate change, inequality, and growth. They propose a new policy framework for delivering innovation in these sectors.

Technological Innovation in Legacy Sectors - William ...

William B. Bonvillian and Charles Weiss have launched an ambitious and important quest with their study of *Technological Innovation in Legacy Sectors*. The legacy sectors are those in the United States that the authors believe have fallen behind the global innovation frontier: energy, agriculture, construction, health services delivery, higher education, transportation, the military, and, above all, manufacturing.
