The Boys' Guide to Growing Up: Choices & Changes during ...

The Boys' Guide to Growing Up: Choices & Changes During Puberty. Its reassuring, matter-of-fact tone shows boys what changes -- inside and out -- to expect during puberty, and how to manage them: Growth spurts and bigger muscles; Voice cracking and deepening; Blemishes and oily skin; Body and facial hair; Moodiness; Crushes, flirting,...

The Boy's Growing Up in the Lord

Boys tend to grow at a faster rate during childhood. On average, boys also tend to be taller than girls. That's why doctors use separate growth charts for boys and girls to measure growth over time.

The Boys' Guide to Growing Up - Autism Awareness

THE BOYS' GUIDE TO GROWING UP gives practical advice on commonplace concerns such as shaving, what to do about zits, and how to smell nice. More complex and essential topics are covered too, such as how to know when flirting is reciprocated (or not!), how to hide or discourage an erection in public, what information is okay to share with others versus what should remain private, and how to stay safe.

When Do Boys Stop Growing? Median Height, Genetics & More

We coach them and guide them along on the process but these teenagers are expected to be the "voice" of the program and handle most public speaking events. We think this is an amazing skill to develop at such a young age and gaining the confidence to speak in public and formulate their thoughts will assist in them in a variety of ways.
