Apply your code book to messages. Use the code words in your code book to encode messages. You may find that you can save yourself time by leaving nouns (like names and pronouns like I, me, she) as plain text. However, this decision depends purely on your situation. Two-part codes apply two different code books to encode or decode a message.

The Secret | The Secret - Official Website

Dramatic, compelling and remarkably far-reaching, The Code Book will forever alter your view of history, what drives it and how private your last e-mail really was. To add a bit of extra spice to The Code Book, I included ten coded messages for readers to crack. Whoever cracked the messages first would win a prize of £10,000.

The Secret of Book Cipher / Book Codes - TopSpySecrets.com

The major theme of The Code Book is what Singh calls "the ongoing evolutionary battle between codemakers and codebreakers," never more clear than in the chapters devoted to World War II. Cryptography came of age during that conflict, as secret communications became critical to both sides' success.
