Prehistoric Devon - Historic environment
Elaborate complexes of fields and field boundaries are some of the major features of the Dartmoor landscape. The reaves are part of an extensive system of prehistoric land division introduced during the Bronze Age (c.2000-700 BC).

The Dartmoor reaves : investigating prehistoric land ...
Dartmoor has long been known for the richness of its prehistoric heritage; stone circles, hut circles, massive burial cairns, and stone rows all pepper the landscape. In the 1970s a new dimension was added, with the recognition that the long-ignored reaves (ruined walls) are also prehistoric; Dartmoor now posed all sorts of questions about the nature of Bronze Age society.

The Dartmoor Reaves - Oxbow Books
The majority of the Dartmoor reaves were built during the Middle Bronze Age ... Fleming (p.94), describes that his work has shown that: " some prehistoric inhabitants of Dartmoor lived in very large walled field systems beyond which lay pasture land subdivided into large areas by long reaves.

Reave - Wikipedia
The famous Dartmoor reaves are low, stony banks, now usually covered in turf which are the remains of Bronze Age field boundaries dating to the centuries around 1,500BC. They form extensive patterns of ancient fields, especially around the southern and eastern sides of Dartmoor, mixed with contemporary settlements.
