24 The Problem of Political Authority ever explicitly stated that we accept the social contract, few have ever stated that we do not accept it. (The exceptions are anarchists who have explicitly stated their rejection of government.) Consent through acceptance of benefits would also confer a nearly universal authority.

*As the title *The Problem of Political Authority* suggests, a central issue in political philosophy is the nature and justification of the authority of the state. States claim to have authority, and this authority is simultaneously the basis for the individual's duty to obey the state and, should we be remiss in this duty, the state's right to coerce.*

The failure of theories of political authority means that we must apply to the state the same moral standards that we apply to private agents. If a private agent would not be justified in using coercion to achieve a particular goal, then the state is also not justified in using coercion to achieve that goal.

Huemer, Michael (2012)

The consent theory of political authority states only a necessary condition of the legitimacy of political authority. It states that a political authority is legitimate only if it has the consent of those who are subject to its commands. Many have argued that in addition to consent, a state must be minimally just for it to be legitimate (Locke 1990).
