The Sociology Of Economic Life | Download eBook pdf, epub ...

Economic sociology is the study of the social cause and effect of various economic phenomena. The field can be broadly divided into a classical period and a contemporary one, known as "New economic sociology". The classical period was concerned particularly with modernity and its constituent aspects, including rationalisation, secularisation, urbanisation, and social stratification. As sociology arose primarily as a reaction to capitalist modernity, economics played a role in much classic social

Economic sociology - Wikipedia

economic life, sociology of The fundamental problem in economics is to explain how the limited productive resources and effort of a society are allocated among the wide range of alternative uses to which they might be put. Conventional economic theory seeks to address this issue by adopting a ...
