Understanding Criminology Theories - Criminology

Labelling Theory. The Labelling theory is another important theory in the context of criminology. As per this theory, deviance is not inherent to an act but instead a result of labelling. A person becomes a deviant after being labelled a criminal. Similarly, acts are not inherently deviant but do become deviant acts after being labelled so.

Criminology | Britannica

Journal description. Theoretical Criminology is an interdisciplinary and international journal for the advancement of the theoretical aspects of criminology.

Criminology - Sociological theories | Britannica

A ton of research has come out in the last few years, and I think theoretical topography has changed quite a bit, especially with self control theory, developmental and life course perspectives, and recent work on communities and crime dominating the field. A must-have for any criminology grad student.
