Too Much Stuff: Capitalism in Crisis.by Kozo Yamamura ...

In short, we consume 'too much stuff' at the higher end of the value chain. This 'stuff,' he argues, is a function of post-capitalism – it comprises goods and services that generations before now would have considered unnecessary but which we consider necessities.

Too much stuff : capitalism in crisis | SWAN Headquarters

Arguments Against Capitalism Too much competition isn't good. Companies might get to the point where they focus in winning the other competitors that they might forget about the consumer's wellbeing. For example, if Fry's and Walmart which are two big companies are competing into who has the better prices and let's say Fry's decides to buy all production of watermelon available so that ...
