The OH-58 Kiowa is a US Army's military version of the civil Bell Model 206A Jet Ranger helicopter. The OH-58 Kiowa served extensively in Vietnam in the light observation and scout roles. The Model 206 was built in significant numbers for military service and remains in widespread use with the US Army in upgraded forms.

OH-58D Kiowa Warrior armed recon helicopter | Military ...

The latest Bell OH-58D is the result of a 1981 proposal by the US Army for a scout helicopter capable of working alongside the AH-64 Apache. This would include working in the forward battle area, being capable of designating targets by laser for the Apache's Hellfire missiles, close combat aerial reconnaissance and intelligence gathering plus artillery spotting.

OH-58 in US Army Aviation - Helis.com

The Bell OH-58 Kiowa is a family of single-engine, single-rotor, military helicopters used for observation, utility, and direct fire support. Bell Helicopter manufactured the OH-58 for the United States Army based on its Model 206A JetRanger helicopter. The OH-58 was in continuous U.S. Army service from 1969 to 2017, when it was replaced in these roles by the Boeing AH-64 Apache and Eurocopter ...

OH-58 Kiowa Scout and Observation Helicopter | Military ...

The 206 originated in Bell's unsuccessful 1964 bid for a US Army light observation helicopter contract. Although the majority of the 7,000 helicopters delivered by Bell have been for military use, well over 2,300 have been sold to civil operators, along with many of the 1,000 aircraft built by Agusta.

Corgi Bel 206B Jetranger Helicopter British European ...

Bell redesigned the airframe and successfully marketed the aircraft commercially as the five-place Bell 206A JetRanger. The new design was eventually selected by the Army as the OH-58 Kiowa. Bell also developed a seven-place LongRanger, which was later offered with a twin-engined option as the TwinRanger, while Tridair Helicopters offers a similar conversion of the LongRanger called the Gemini ST.

Bell 206 - Wikipedia

The Bell Model 206 was originally designed to meet the needs of the US Army LOH (Light Observation Helicopter) 1962 competition as the YOH-4. The 206 was defeated by the Hughes OH-6 but a much-modified derivative, the Bell 206A was found to be a commercial success. The military version was first adopted by the US Navy as the TH-57 Sea Ranger for training purposes.
