Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

*WorldShaker* by Richard Harland *Worldshaker* is my first taste of the recently new and popular genre, steampunk. Steampunk is defined as a sub-genre of science fiction and fantasy that incorporates advanced Victorian technology. The stories usually take place in an era when steam power is used and so are often set in the 19th century.
